

# About TSFX

## Who is TSFX?

TSFX (The School For Excellence Pty Ltd) is a leading Australian provider of high-quality educational courses, resources and services for VCE students.

Established in 1991 by a VCE teacher, TSFX continues to be managed by experienced VCE teachers and industry specialists.

TSFX currently employs over 100 VCE teachers and is the longest running organisation of its kind in Victoria.

## What We Offer

We have over 28 years of experience in producing and delivering exam revision programs, intense weekly tuition classes, study skills and exam strategy lectures as well as specialised courses that prepare students in advance of each school term. Each program is developed and delivered by experienced, qualified VCE teachers who are current or recent VCAA assessors; ensuring that students receive the **best possible** instruction and the best chance of succeeding in their VCE.

## Our Role

The role of TSFX is to **build on** the teaching that takes place in schools and to provide students with the opportunity to strengthen their understanding of course materials – increasing confidence levels, reducing the amount of time being spent on homework, and improving VCE marks.

## Our Philosophy

We believe that given the right opportunities, guidance and support, **EVERY** student has the potential to excel in their studies.

**Over 20,000 online courses have been delivered in 2020!**

## TSFX Online

In 2018, in response to requests from rural and regional schools, we began developing an online learning platform to support students in rural and regional Victoria. This portal currently offers our full suite of lectures and programs either as live streamed events or recordings, as well as a resource repository consisting of over 8,000 VCE resources. In time, this portal will provide localised virtual support (including private tuition), online forums, access to leading educators, educational experts, peer groups and high achieving students from metropolitan Melbourne.

DEDICATED  
TO  
EXCELLENCE

# Our Teachers

## Learn from the Best

To ensure students receive every possible **advantage** in the VCE, our lectures are prepared and delivered by handpicked, qualified, experienced VCE teachers from top ranking schools (not university students) who are either current or recent **VCE assessors**. Our teachers have the knowledge and experience to demonstrate how students can achieve the higher ATAR results.

TSFX teachers include authors of VCE textbooks, **writers and markers of the VCAA exams, Chief and Assistant Chief Assessors**, as well as leading experts in their subject fields. Our teachers are not only selected on the basis of their professional merits, but also with careful consideration to their communication skills. The **ultimate** selection criterion, however, is student feedback – we only retain those teachers who have **surpassed** the expectations of students attending our programs.

## VCE Study Skills & Exam Strategy Lectures

Significant time and effort is invested into studying, yet the majority of students don't achieve the marks that reflect their commitment and potential.

Our study skills and exam strategy lectures are designed to teach students the most effective study and learning techniques, and show them how to achieve those higher VCE marks. Delivered by one of the country's leading study skills specialists, these lectures guarantee to improve confidence, motivation and VCE marks.
