

MASTER YOUR VCE

TSFX MASTER CLASSES
UNITS 1 & 3, 2022

TSFX Master Classes. The Ultimate Advantage in the VCE.

Our VCE Master Classes are a highly comprehensive, integrated weekly tuition program designed to ensure students reach their **full potential**, be that a two-grade improvement or the **elite A and A+** scores. Just as importantly, this highly regarded program enables students to complete their exam preparations well ahead of their state-wide peers, greatly reducing stress levels and study loads in the challenging weeks before their end of year examinations.

This program **builds on** the teaching that takes place in schools, giving students the opportunity to revise, reinforce and extend on key skills/concepts, and to systematically develop strong problem-solving and exam techniques – skills that are essential when aiming for the highest possible VCE marks.

Students may complete the Master Classes in the comfort of their home (**interactive-live streamed classes or on demand recorded classes**) or at the University of Melbourne (Parkville) on a weekly basis (**face-to-face* classes**).

Out-Rank Your State-Wide Peers.

When you attend our Master Classes, you will:

- Revise and **extend** on the work covered at school to VCAA exam standard.
- **Master concepts** that students find **difficult** and that have been **poorly** answered in past exams.
- Learn techniques that will help you to **confidently answer** the different types of questions that appear in the exams.
- Work through **a huge collection** of questions that are likely to appear in SACs and exams, and systematically prepare for the challenging **analysis-style** applications that make up about 30% of each subject exam.
- Master the **tricks and traps** that could appear in the exams and learn how to dissect and interpret complex exam applications.
- Learn how to set out your exam responses in line with the **marking schemes** used in the VCE exams.
- Regularly revise important concepts so you don't need to **waste valuable time** re-learning topics before your SACs and exams.

TSFX Master Classes.

The ultimate learning experience & the most in-depth preparation for your SACs & exams.

My students often say that there was at least 20 marks worth of questions on the exam that they can thank TSFX for, and they feel they have a real edge on SACs.

Teacher – St Leonard's College

The Numbers Don't Lie.

If you're determined to get the best possible results, our Master Classes won't disappoint! Year after year, students attending our Master Classes achieve **amazing results**. As an example, **79%** of our 2020 students achieved an ATAR of **90 or above**, even though most had previously received average or below average marks! The median ATAR achieved was **94.70** placing 50% of our students in the **top 5.3%** of all VCE students.

Year	Average ATAR	Median ATAR
2019	95.17	95.65
2018	93.23	95.80
2017	94.43	95.75
2016	93.29	95.00
2015	93.56	96.85
2014	93.90	94.80
2013	93.56	94.85
2012	95.40	96.10
2011	95.60	96.96

Learn from the Absolute Best.

To ensure you receive **every possible advantage** in the VCE, our Master Classes are prepared and delivered by hand-picked, **qualified, experienced VCE teachers** from top ranking schools. Our teachers include authors of VCE textbooks, writers and **markers of the VCE exams, Chief Assessors and Assistant Chief Assessors** as well as leading experts in their subject fields. Their wealth of experience is **priceless**.

Not only do our Master Class teachers have extensive experience in the VCE, they have demonstrated a long and consistent history of **achieving outstanding student results**. They know exactly **how to** motivate students to pursue their best and unlock their **highest potential**. Our teachers are also trained to teach different types of learners, and how to **maximise learning opportunities** using innovative pedagogical models and approaches – skills that can only be acquired through formal teaching degrees.

Experience is the best teacher, and an important asset at this end-game stage of the VCE.

Making the VCE Fair.

There is **no doubt** that students taught by VCE exam assessors have a **significant advantage** over students who do not have access to such valuable resources. Exam assessors are exposed to important information that isn't shared with other teachers – information that can have a **significant impact** on your ATAR and study scores.

Therefore, to **level the playing field**, students attending our Master Classes will be mentored by teachers who have experience in writing and/or assessing the very exams you'll soon sit.

 *TSFX is unmatched in the quality of notes and presentation.*

Student – Werribee Secondary College

The Elephant in the Room.

Can a recent VCE graduate prepare students for their VCE assessments to the same standard as a qualified experienced VCE teacher?

To give you the best chance of success, we use qualified VCE teachers and VCE exam markers – not unqualified, inexperienced university students.

A high ATAR or study score **does not equip** a recent VCE graduate with the knowledge that's required to prepare students for their SACs and exams. As an example, a student who obtained a study score of 45 in Mathematical Methods **only** answered about **79%** of Exam 2 **correctly!** Recent VCE graduates can't teach you how and where marks are awarded, which terms or statements must be included in exam responses, and alternate answers that would also receive full marks. This information is restricted to VCE exam markers and can make a **huge difference** to your VCE marks.

Knowing **how the exams are marked** also gives VCE exam markers the ability to guide you through the exam preparation process in the quickest and most effective way. You'll spend your time revising what really matters, and you can't get that kind of guidance from recent high school graduates who have no teaching experience, and who **don't have access** to the detailed insights our teachers provide.

Start Your Exam Preparations VCE Exam Booster Classes – Free!

It takes time and lots of practice to develop **strong** exam techniques and problem-solving/application skills. Students who leave this process to the end of the year **will not** perform to the best of their ability in the exams. Our Master Class students will therefore formally start this important process from the beginning of the school year.

Our **VCE Exam Booster Classes** are highly targeted classes dedicated to the mastery of examination techniques, **higher level** analytical skills and examination marking schemes. You will work through key VCE exam questions, master tricks and traps and develop skills to help you minimise errors in your SACs and exams.

These important classes are being delivered by experienced VCE **exam markers**, Chief and Assistant Chief Assessors – **the only people** who know how the VCE exam papers are actually marked.

Unparalleled A+ Course Notes.

You'll receive detailed and comprehensive **A+ notes** that include every key concept that could be examined, clear and concise explanations, fully worked examples with step-by-step instructions, and a large collection of potential exam questions – saving you **countless hours** in study time.

Recorded Classes.

As we **record our classes** you won't ever fall behind if you miss a week. You can also watch a class as many times as it takes for you to feel confident with what was covered. Furthermore, when it comes to the exams, our recorded classes offer a **powerful way** of revising for these important assessments.

And for those students who prefer face-to-face instruction, if you find a topic difficult or would like to prepare for a SAC in a **fast and effective** way, you can attend multiple classes in a subject across a single week, at **no additional charge**.

We'll Give You All the Tools You Need to Ace Your VCE.

When you attend our Master Classes you'll receive over **35 hours of expert instruction** from experienced VCE teachers and VCE exam markers! This includes:

- ✓ **Eight 2.5 hour** (20 hrs total) **small group classes** that provide in-depth coverage of upper intermediate and harder level assessable skills and concepts (face-to-face*, interactive live-streams and on-demand classes).
- ✓ **5 hours** of pre-recorded classes that provide in-depth coverage of the easier and lower intermediate level assessable skills and concepts. **BONUS FEATURE****
- ✓ **Three 2.5 hour** VCE Exam Booster Classes (7.5 hrs total)(on-demand classes). **BONUS FEATURE****
- ✓ A trial examination followed by a detailed exam correction session delivered by a senior VCE exam marker (VCAA) (**2.5 hours total**)(on-demand class) **BONUS FEATURE****
- ✓ SAC preparation classes and advanced study skills instruction (live-streamed classes) **BONUS FEATURE**

You'll also receive:

- ✓ **Unlimited access** to recordings of the classes in your enrolled subjects until after your end-of-year exams (1 December 2022) **BONUS FEATURE**
- ✓ Detailed and comprehensive **A+ notes**.
- ✓ Access to an **exclusive resource portal** offering tests, quizzes, worksheets, notes, checklists and e-books in every available subject, irrespective of which subject(s) you have enrolled into. **BONUS FEATURE**
- ✓ Exam kits consisting of dozens of commercially produced trial examinations with worked solutions. **BONUS FEATURE****

To provide students with the benefits of **different perspectives**, access will also be provided to the recordings of classes delivered by the other teachers in your enrolled subjects. **BONUS FEATURE**

* In the event that government directives prohibit the delivery of our Master Classes face-to-face, we will live stream classes until face-to-face sessions can resume.

** This bonus feature is **not available** in Unit 1 & Unit 3 English.

Venue. Dates. Times. Subjects. Investment.

Venue: The University of Melbourne (Elizabeth Blackburn School of Sciences, Parkville Campus)

Dates: Tuesday 22 February – Sunday 1 May 2022

Formal Classes: 2.5 hours per enrolled subject per week for 8 weeks

Type of Class: Face-to-Face* Classes, Interactive Live-Streamed Classes and Video On Demand Classes

Class Days & Times:

Interactive Live-Streamed Classes: **Tuesdays, Wednesdays & Thursdays:** 5:00pm – 7:30pm

Face-to-Face* Classes: **Fridays:** 5:00pm – 7:30pm

What Sets Us Apart?

- Our Master Classes have been developed by teachers.
- Our academic program is delivered using a **unique pedagogical model** developed by TSFX that integrates the **HITS professional learning program**, frameworks adopted by the International Baccalaureate program and the world's leading universities.
- Your mentors are qualified, experienced VCE teachers who are current or recent VCE exam markers (VCAA assessors).
- Notes are **detailed and fully comprehensive** and have been written by VCE teachers and VCAA assessors (not university students).
- Classes are recorded and can be accessed 24/7 until 1 December 2022!
- We have 31 years of experience delivering VCE programs, and offer an unrivalled history of outstanding success.

 *Many of the questions in the Master Class notes appeared in the actual VCE exams!*

Student – Sacre Coeur

Nothing Beats Experience. Except More Experience.

With so much **pressure and competition** in the VCE, you can't afford to make the wrong choice when choosing the **best organisation** to enhance your VCE studies. TSFX has **31 years of experience** in delivering VCE programs so you can be confident that we have a genuine understanding of what's required to excel in the VCE. We get results, and can make a significant difference to your VCE marks.

Trust Your One Chance With TSFX.

It's taken you 12 years of hard work to get to where you are today. And you've only got **one chance** to get your VCE right.

TSFX has helped over **175,000** students improve their marks and secure a place in the course of their dreams. Our programs are based on a **unique system** that offers unparalleled opportunities for Year 11 and Year 12 students. We believe that, given the right opportunities, guidance and support, **EVERY** student has the potential to **excel** in their studies.

Join us at TSFX and make your study efforts count.

 *TSFX has transformed my dreams into realities.*
