Winter School. Your Gateway to Higher VCE Marks.

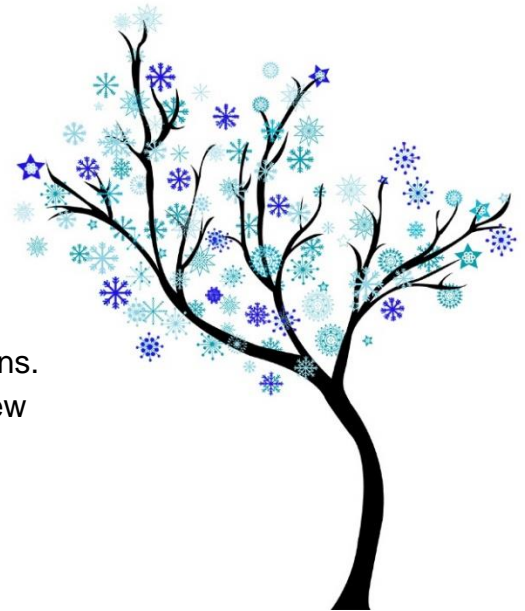

The winter holidays give students the opportunity to catch up, revise, extend, and get ahead in their studies, so they can reduce stress levels and study loads in Term 3 & 4. Working through materials on your own, however, can be tedious, time-consuming and ineffective. Winter School has therefore been designed to help you secure the **best possible advantage** in the VCE in an effective, time-efficient and relatively painless manner!

Two types of lectures are available at Winter School:

- Unit 2 & Unit 4 **Head Start** Lectures
- Unit 3 **Exam Revision** Lectures

Dates: Tuesday 30 June – Saturday 11 July 2020

Venue: Lectures will be **live streamed** and interactive, featuring real time screen capture and annotations. They will also be **recorded** so that you can review each lecture before your SACs and exams.

Get Ahead. Reduce Stress. Maximise SAC Marks.

Detailed information regarding the topics that will be covered can be found [here](#).
